

# OptiCoin 15 Escrow

## Coin deposit system with returning function

The OptiCoin 15 offers professional coin deposit service for every self-service area. Due to its special self-cleaning mechanism it is very resistant against foreign elements and dirt. The integrated escrow-function allows to review the counted total and to return coins just in case. Easy handling and its unique modularity in terms of different coin-bin solutions make the OptiCoin 15 adaptable for a broad field of applications. The standard version comes with a 4-line dialogue display, but it can be upgraded with a PC/touch TFT combination. Innovative materials in industrial quality for coin-disk and coin-path ensure high counting speed but a low noise level.
