MULTI CASH
AUTOMATION GMBH

... simple but perfect

MC CC coin-recycling system

Coin recycling – deposit and dispensing same coins

The Multi Cash CC simplifies coin handling in environments as retail, vending, CIT and public transports. The deposited coins will be stored in intermediate containers (hoppers) and can be reused for automated dispense. The system will automate billing and immediate booking of the entire till content as well as the preparation of the change for the daily shift. The coins will be stored securely and due to the big capacity the level of self-sufficiency will be clearly increased, but cost for cash supply and collection will be minimized. Innovative materials in industrial quality for coin-disk and coin-path ensure high counting speed but a low noise level.

Verified Sensor

Sort Counter

Self Service

Staff Operated

Flexible deployment

- Jam-free sorting with approved active coin sorting system
- Pre-cleaning due to intelligent dirt-separators
- Blockage-checker separates and rejects foreign objects automatically
- Sorting of up to 9 denominations
- Free configuration of denominations to be recycled
- Multiple dispensing hoppers per denomination
- Extra funnel for volume-filling and level-control
- Graphic-capable thermal printer with Barcode print (optional)

Easy and clear use

- Entry of cashier- and supervisor ID's
- Individual batches for preparation of the cash for the daily shift
- Electronic journal for download of statistical data and technical information
- Different solutions for online integration
- Cloud monitoring software (optional)
- Adaptable for different cash-drawers (optional)
- Overflow box
- Combinable with note-deposit or –recycling module

Modular coin-detection system in its 4th generation

- Magnetic sensor for coin alloy
- Capacitive sensor of coin-mass
- Matrix-sensor of coin-profile
- CCD diameter sensor with 256px resolution (optional)

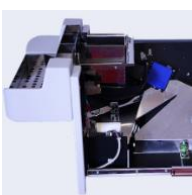

Low noise coin disk with cleaning-holes

Blockage-Checker

Jam-free sorting system

Dispensing hoppers with big capacity

Easy to access
